

A Hitachi ABB Power Grids & SNC-Lavalin  
Company

Dear Sirs,

**RE: Linxon UK Vendor Registration Portal**

Please be informed that Linxon has moved its procurement system to PIRS-Sourcing platform, with immediate effect.

Part of that process means that :

- All necessary information that your company need to provide as a Vendor (such bank account number, company registration) shall be populated on this platform.
- Any new Request for Quotation shall be exclusively published on this portal

We kindly ask that you to register ASAP in order not to delay any process in your relationship with Linxon.

**What do you I need to register ?**

You need the DUNS number of your Company.

The D-U-N-S Number is a unique nine-digit identifier assigned by Dun&Bradstreet credit agency.

Almost all companies have a DUNS number, please check with your finance department or find it [here](#)

If your company does not have DUNS number, you can register on the D&B platform [here](#)

This service is free of any charge.

**Where shall I register?**

Please connect to the [Linxon Vendor Registration Portal](#)

You will be requested to enter the DUNS number, contact details and to select one main category of supply.

And registration will be completed.

**Supplier Approval**

Following registration, a formal RFI shall be issued via the portal to commence the Supplier approval process. Again, timely submission of the RFI is most welcome to avoid any unnecessary delays in Vendor approvals.

Should you have any queries, please do not hesitate to contact the undersigned.

Best Regards,

Stacey Williams  
Supply Chain Manager
