

Empower your future with Linxon

Are you a recent graduate ready to make your mark? The Linxon Graduate Training Program is your gateway to a dynamic career in the energy and infrastructure sector. Launched in March 2025 at our Chennai office, this program is designed to transform fresh talent into future leaders.

About Linxon

Linxon is a company built on 100 years of technology expertise, and 60 years of substation and electrification project experience worldwide.

At Linxon's Global, Business, Technology, and Services (GETS) office in Chennai, India, innovation meets opportunity. As a key driver of high-impact projects across the globe, our team plays a vital role in shaping the future of energy infrastructure.

Linxon's Global Business Services (GBS) center, launched in January 2024, operates as the strategic backbone of our business operations. Located in Chennai, this centralized hub streamlines core functions across departments—driving efficiency, enhancing quality, and ensuring accuracy in every process. The GBS center plays a vital role in supporting Linxon's global growth by delivering consistent, high-value services that empower teams to focus on innovation and customer success.

What we offer?

Real-world learning:

Hands-on experience across finance functions

Defined career growth:

Transparent, well-mapped advancement paths

Leadership exposure:

Direct interaction with Linxon's leadership

Business insight:

Deep understanding of our strategic priorities

Who should apply?

If you're a graduate or post-graduate in **business administration or commerce**, or a **qualified CA/CMA**, eager to take on impactful roles in Finance, this program is for you.

Based in **Chennai**, you'll be mentored by seasoned finance professionals and team leaders, while learning alongside a vibrant peer group in a growth-focused environment.

Why join us?

Linxon GBS is an agile, future-focused center of excellence offering exciting career opportunities. We provide young professionals with the chance to explore various roles, from Transactional Services to more strategic areas such as Audit and Controllership (*encompassing project, business and corporate-level responsibilities*), FP & A and Treasury.

Your growth path is designed to evolve with you — offering continuous learning, growing responsibilities, and real-world experience. By working on impactful projects alongside industry veterans, you'll build practical leadership skills. With international assignments and cross-border roles, you'll gain global exposure, embrace diverse cultures, and drive meaningful change.

Give your career the Linxon advantage!
